Lead Agency: Washington Department of Fish and Wildlife

The lead agency is providing updated information on this project which may be of interest to other agencies or the public. The updated information provided below does not substantially change the analysis of significant impacts in the existing environmental checklist.

The original environmental checklist dated (5/4/99), should be modified to reflect the following changes:

#2 Name of Proponent:

From Resource Management, Inc., 2900 B 29th Avenue Southwest, Tumwater, Washington 98506.

To Aqua Technex, Inc., P.O. Box 118, Centralia, Washington 98532

#7 Do you have any plans for future additions, expansions, or further activity related to or connected with this proposal? If yes, explain.

From "Not at this time."

To Will need to restock again this year and may also need to restock in the future due to fish losses from die-off or predation.

Based on the original environmental checklist and the updated information provided in this addendum, the lead agency has determined that a new threshold determination is not warranted. There is no comment period associated with this SEPA environmental checklist

addendum.
